Anderson's Ruby Document

This is a living document made for personal reference purposes. The purpose is to practice writing Ruby in a notebook. I'll be parsing all this MD to a PDF for printing purposes with gimli

Branching:

```ruby
puts 'How about you say something?'
something = gets.chomp
puts something + ', yes, that definitely is something.'

if something == 'cheeseburger'
  puts 'God I fuggin LOVE cheeseburgers bro!'
end

puts "What did you think of the series finale of HIMYM?"
thoughts = gets.chomp

if thoughts == 'good'
  puts "Really?  you are an idiot."
elsif thoughts == 'okay'
  puts "No, it was shit."
elsif thoughts == 'bad'
  puts "You are correct sir."
elsif thoughts == "you cannot handle the truth"
  puts "Why do you say that fool?"
  reply = gets.chomp

  if reply == 'because'
    puts "NOOOOOOO!"
  else
    puts "Yes."
  end
else
  puts "Whaaaaa?"
end
```

Looping

```ruby
input = ''

while input != 'bye'
  puts input
  input = gets.chomp
end

puts 'Thank you, come again.'

while true
  input = gets.chomp
  puts input
  if input == 'bye'
    break
  end
end

puts 'The hell?'
```

```ruby
puts "Hello, what is your name?"
name = gets.chomp
puts 'Hello, ' + name + '.'

if name == 'Anderson' || name == 'Craig'
  puts 'You work for BLSCI!'
end
```

```ruby
while true
  puts 'What would you like to ask Cathy to do?'
  request = gets.chomp

  puts 'You say, "Cathy, please ' + request + '"'

  puts 'Cs response:'
  puts 'C ' + request + '.'
  puts 'Papa ' + request + ', too.'
  puts 'Mama ' + request + ', too.'
  puts 'Ruby ' + request + ', too.'
  puts 'Nono ' + request + ', too.'
  puts 'Holt ' + request + ', too.'

  if request == 'stop'
    break
  end
end
```

Arrays

```ruby
books = ['The Great Gatsby', 'The Nick Adams Stories', 'Understanding Media', '
2030', 'Do Androids Dream of Electric Sheep?', 'J.R.']

puts books
puts
puts books[0]
puts books[1]
puts books[2]
puts books[3]
puts books[4]
puts books[5]

shows = ['HIMYM', 'David the Gnome', 'Happy Days']

shows.each do |tv|
  puts 'I love ' + tv + '!'
  puts 'Don
t you?'
end

puts 'And I fuggin HATE The New Girl!'
puts '<applause>'
```
